Family room

The pool-table concept

A second layout for games, gathering and flexible dining.

PLAY / GATHER / CONVERT

OPTION TWO / POOL-TABLE CONFIGURATION

Designed for play and gathering

01 **Connect the finishes**

Match the grass-woven wallpaper planned for the bar area.

02 **Add flexible seating**

A bar top on the wallpapered wall, with stools below.

03 **Use the bay-window area**

Swivel chairs and a small accent table.

04 **Frame the table overhead**

Two large basket chandeliers above the pool table.

DESIGN CONCEPT

CONFIGURATION 01

The pool-table arrangement

The pool table is the focal point, with the bar top and stools along the wallpapered wall and swivel seating in the bay-window area.

OVER THE TABLE

Two large basket chandeliers draw attention to the vaulted ceiling and anchor the space.

POOL-TABLE CONFIGURATION / DESIGN CONCEPT

CONFIGURATION 02

With the dining top

With the dining top in place, the pool table can be used for dining or games. The stools below the wall bar can move to the table.

FLEXIBLE USE

Move the barstools from the wall to the table as needed.

DINING-TOP CONFIGURATION / WITHOUT THE TALL CABINET

CONFIGURATION 03

The cabinet variation

With the dining top in place, a tall arched cabinet completes the right side of the room in this variation.

THE SAME CORE PLAN

Wall bar, movable stools, swivel seating and two basket chandeliers.

THE CONSIDERED FINISH

The dining-room connection

This layout calls for a large round table in the adjacent dining room.

01 **The proposed shape**

A round dining table is required for this layout.

02 **The proposed size**

72-inch diameter, with a seating goal of 8-9 people.

03 **The flexible gathering area**

The pool-table dining top and movable barstools provide another setting.
